Key Insights

- Total revenue generated is ₹817.86K from 21,351 orders, with an average of 78 orders per day.
- Customers order an average of 2 pizzas per order, indicating strong multi-item purchases.
- Revenue was highest during the first quarter (Jan–Mar) and declined in the following months.
- Classic Pizza is the most popular category, followed by Supreme and Veggie.
- Large (L) pizzas are the most preferred size, while XXL pizzas have the lowest demand.
- Afternoon is the busiest ordering period, followed by the evening.
- Friday records the highest number of orders, while Sunday has the lowest.
- The Classic Deluxe Pizza is the best-selling pizza, followed by Hawaiian and Pepperoni Pizza.

Conclusion: The business performs best during the first quarter, with peak sales occurring on Friday afternoons. Focusing on best-selling pizzas, popular sizes, and peak ordering hours can help increase revenue and improve inventory planning.
